GERMAN ATTACKS CONSISTENTLY REPULSED East and West Operations Become Interlaced

ALLIES ASSUME OFFENSIVE EAST OF RIVER YSER

Day and Night Attacks of the Teutons Have Been Checked by English and French Troops Between the Arras and the Oise and Positions Previously Captured From Gallie Soldiers Have Again Been Wrested—Mouquet and Mogeville Are Captured by Allies and Germans Are Driven Back Near Forests of Argonne.

Paris, Nov. 7.—The official announcement given out in Paris this afternoon says that the situation is relatively quiet on the river Yser below Dixmude. The statement sets forth that French and British forces have successfully repulsed German attacks along almost the entire front. Reference is made specifically to Dixmude and Biacheville, where counter attacks were repulsed; to the southeast of Ypres, where the French have assumed the offensive with the British; and to Neuve Chapelle, where the British forced back the Germans. Day and night attacks between Arras and the Oise have been checked and near Vailly the French recaptured positions previously wrested from them. In the Argonne, attacks were repulsed, and here the French claim progress.

OFFENSIVE MOVEMENTS.
Northeast of Verdun, Mouquet and Mogeville have been captured, and to the southeast of Verdun and to the southeast of St. Mihiel the offensive movements of the enemy failed, according to the French statement. Also on the right wing the enemy sustained losses around Nancy. The text of the statement follows:

"On our left wing the situation is relatively quiet on the Yser down stream from Dixmude. The Belgian troops who advanced along the right bank of the Yser from Neuzet in the direction of Lemaizy, and who had been counter-attacked by the Germans, were sustained in time. The situation has been entirely re-established in this locality.

REPULSED BY FRENCH.
"At Dixmude the marine fusiliers repulsed a fresh counter-offensive movement. Farther to the south the attacks of the enemy around Biacheville also failed at the end of the day. On our right wing the situation is without change. To the southeast of this town we have resumed the offensive in combination with the British troops operating in this region repulsed an attack particularly violent and pronounced, by detachments belonging to the active army recently brought into this region by the Germans.

Counter Attacks Checked.
"Between Arras and the canal of La Bassée, the British army on its side repulsed a violent attack on Neuve Chapelle, between the canal of La Bassée and Arras, as well as between Arras and the Oise, several counter attacks delivered by night and by day have been checked. We even made some slight progress in the region of Verdun and to the south of Aix-Noulette.

"On the center, in the region of Vailly, we continued during the day of yesterday to recapture ground previously lost by us. In the Argonne crests attacks on the part of the enemy were repulsed, and at the end of the day our troops made progress at several points. To the northeast of Verdun we have taken possession of the villages of Bannocourt and of Neveville.

"In the wooded region along the left bank of the Meuse, south of Verdun, and to the east of Apremont, northeast of St. Mihiel, the offensive movements of the enemy failed. Some trenches in the vicinity of Saint-Ismier were carried by our troops.

"On our right, where the attacks of the Germans on the advanced positions of the Grande Couronne of Nancy (the chief of fortified positions surrounding Nancy) resulted in a complete failure, the enemy, a surprise attack undertaken by the enemy against the headquarters of the 1st Army, failed in complete failure. A second attack, which had been repulsed, was also repulsed.

"Another important feature of today's French official statement is the news that the French army operating north of Verdun continues to hold ground. On the last occasion that the French made specific reference to these movements it was announced that a considerable advance had been made in the direction of Hamont, but it is stated that the villages of Hamont and Mogeville have been recaptured. These are situated about half a mile apart, just ten miles due north of Verdun.

"About six miles east and a little north is the important railway center of Toul, on the Orne river, strongly held by the Germans, being on the line of their direct advance from Metz to Toul. This is now threatened and a very important strategic success in the part of the field would result from its recapture by the allies. It is the opinion of Verdun, especially as a field force which has achieved success, and this emphasizes once again the lesson of the present war.

THOUGHT GERMAN PUSHING BEST MEN TO WESTERN FRONT

Mystery Again Cloaks Antagonists Along Battle Front of East.

AUSTRIANS STATED TO BE
REGAINING POSITIONS

None of Neutral Balkan States
Yet on Side of the Entente Powers.

London, Nov. 7.—Mystery again cloaks the movements of the antagonists along the battle fronts in the eastern area of the war, but the belief is growing in London that Germany, safe within her defenses behind the river Warthe and with the Austrians behind strongly fortified positions from Crocow to the passes of the Carpathians, is pushing her best corps on the western front to the west in a final desperate effort to smash the allies' line blocking their way to Paris.

Foreign reports that the Austrians after making a final furious onslaught on the Russian lines along the river, had withdrawn in all directions until their front now extends from Bukla pass in the Carpathians, to Crocow, with a wide extension to Przemysl, which fortress continues to resist the Russian assault. Another despatch from a Prussian despatch that a general pursuit of the retreating Austrians is under way, but the cautious tone of the official communication, added to significant admissions from Vienna, creates the impression that the Austrians are regaining their fortified positions without suffering great disaster.

The feeling is growing here that the recent raid of a German fleet off Yarmouth was not the sum total of naval activities in the North Sea, and this impression has been increased by the news that Dutch fishing vessels have found floating mines so thick—some of them even catching in their nets—that they have given up all efforts to continue their occupation. These fishermen report also that they have seen many bodies floating in the sea.

The British press continues its campaign in favor of more effective measures for securing the necessary service, while others censure the government for not putting more men dependent upon the men eligible for military service who are both to suffer during the war.

In the rear east there has been little activity. None of the neutral Balkan states yet has thrown in its lot with the entente powers. All eyes are turned to the east, where it is expected to take the first move as soon as the sea is assured of her former allies.

REAL PICTURES OF WAR FOR PANTAGES

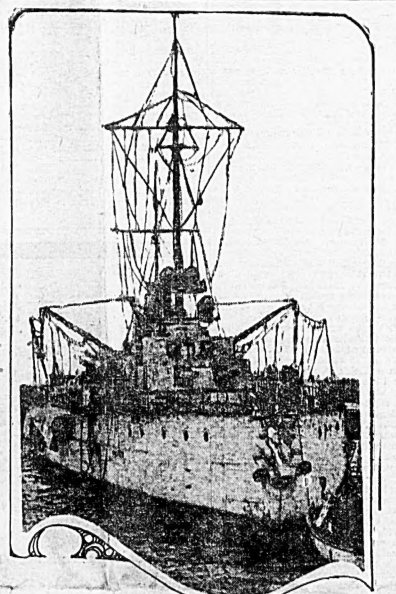

Nothing in Films Taken at
Siege of Antwerp Has Been
Tampered With.

War, its horrors and awfulness, all emphatically depicted with the pictures taken at the siege of Antwerp. The pictures were taken by the German army, and the management seized upon the opportunity of presenting the first real war picture ever shown in London.

It is entitled the "Siege of Antwerp" and plainly depicts the incidents leading up to the attack of the famous city, the attack, the repulse, and finally the fall. The picture was taken by the Universal Film company, and finally after a great deal of trouble was taken away from the front and shipped immediately to Calgary for development.

None in the picture has been tampered with; none of the brutal deeds which show up awfulness of the world's strife have been rubbed off, and throughout its entirety it is a wonderful display of what our countrymen are going through.

American Football Results.
Cornell 26, Franklin and Marshall 3.
Navy 21, Fordham 6.

The Goeben, most powerful battleship, guns and twelve six-inch and twelve twenty-four pounders. It is also Turkey. It carries ten twelve-inch guns and four torpedo tubes.

Salient Features of Today's War News

THE GERMAN ATTEMPT to reach the straits of Dover, prosecuted with such reckless abandon and courage as to raise praise even from the foe, appeared today to have relaxed temporarily. Along the now famous Yser, from the sands of the North Sea coast to the ruined town of Dixmude, the situation there in the unemotional language of the French war office was "relatively quiet." The fighting there has all but ceased and the tide of battle has rolled southward.

SOUTH OF YPRES on the line extending down over the French border to Arras, the Germans are preparing another furious onslaught, spurred on by their emperor. The main battle there on which depends so much for the Germans and allies alike, has not yet begun.

TODAY'S OFFICIAL FRENCH statement says that the British and French forces have repulsed German attacks along almost the entire front and that northeast of Verdun, where the territory has long been disputed with exceptional ferocity the Germans have been checked by the allies.

PENDING DECISIVE DEVELOPMENTS on any of the European field of battle, the fall of Taing Tau held first place with military men. Official reports from Tokio show that it was not without desperate resistance that the German garrison, vastly outnumbered by British and Japanese, gave up the fight. For days German forces had been subjected to a withering fire from land and sea. At last the central fort fell before the impetuous attack of the Japanese, whose bravery, says Tokio, rivaled that displayed in the historic charges on Port Arthur.

TOKIO TODAY IS CELEBRATING with an outburst of popular enthusiasm the Taing Tau victory. The vice minister of the navy states that the Japanese will hold Taing Tau until the war is over, when she will "open negotiations" with China.

IT IS SUGGESTED that the Japanese will now inaugurate an offensive naval campaign on the Pacific, employing the fleet released from the bombardment of Taing Tau in an attempt to run down the German warships which wrought such havoc to British shipping and defeated the British fleet off Chile. **NOTWITHSTANDING THE RUSSIAN** claim of an overwhelming success in the east there is nothing to show that the German and Austrian forces have met great disaster and although they were compelled to retreat, they apparently were able to fall back upon strongly fortified positions selected in advance.

THE PROBABILITY THAT THEY ARE SAFE in these positions leads London to suggest that German troops will be withdrawn and rushed to the front to bolster up the battered forces there for a supreme effort to pierce the Russian line to the south of Ypres. Over the remainder of the battle line through France there is no decisive change.

ALTHOUGH TODAY'S OFFICIAL FRENCH statement asserts that the Germans have been driven back at various points, the situation in the main apparently is practically the same as has been the case for several weeks, so far as the general line of battle is concerned.

RUSSIA, IN AN OFFICIAL STATEMENT, makes the claim that the left flank of the enemy has been broken after fighting of several weeks along a front of 330 miles. This campaign has now been closed, in the opinion of the Russian military authorities who say that a new period of the war will be inaugurated. Of the fighting on land and on sea, brought about by Turkey's entrance into the war, little was learned today. Turkish officials at Smyrna are said to have made further seizures of vessels of hostile countries and the Russian general staff in Caucasus reports that the Turkish forces which attempted an offensive movement, has been driven back with heavy losses.

PARIS SUGGESTS THAT THE GERMANS are making an important change in their military tactics. Mass formation is said to have been abandoned in the fighting in Flanders, infantry men attacking in open order and seeking all available cover.

MANY PRISONERS ARE TAKEN BY FRENCH IN VICINITY OF NANCY

Paris, Nov. 7.—During the action against the position on what is known as the Grand Crown of Nancy, according to a French semi-official announcement issued in Paris today, one German battalion alone left 800 dead on the battle field. Many prisoners were captured along the whole front, in instances entire being captured.

VIGOR OF GERMAN ATTACK ON ALE AT LEAST FLANDERS

Alies Reported to be Driving Forward in Vicinity of Dixmude. Last Account States Enemy Forced to Take Defensive South of East of Ypres—Reinforcements for the Allied Troops Now Beginning to Have Effect on the Gigantic Struggle Being Waged in That Vicinity—News Has Reached England of the Rounding up of South African Rebels.

London, Nov. 7.—The operations in the eastern and western theater of the war respectively which, at the early stages of the campaign only were broadly related, are daily becoming more closely interlaced as the Russians draw nearer the German front.

It is argued by British observers that if Germany can hold entrenched positions along the river Warthe, in Russian Poland, she may be able to throw much needed men into Belgium, but on the other hand if it is true that the Russians have occupied Kolo on this river, the theory is advanced that the defensive value of the stream is to an extent lessened and it may require every man that Emperor William now has there if Germany expects to put up a stand along the Warthe to rival the resistance shown along the Aisne.

A more frequent exchange of communications between General Joffre, the French commander-in-chief, and Grand Duke Nicholas, commander-in-chief of the Russian armies, would seem to indicate that the allies are attempting to make their moves consistent with the situations in both the areas.

No noteworthy change in France or Belgium was reported during the forenoon. The latest British official statement mentioned a decrease in the vigor in the German attacks in west Flanders, while the French communication said that the battle was as violent as ever. The allies are reported as driving forward in the vicinity of Dixmude, and were at last accounts taking the offensive south and east of Ypres, the point where, since last week the Germans have been endeavoring to get through. Many despatches speak of a stream of reinforcements and allies. In the British official statement, however, no mention is made of the changed complexion of these fresh troops. It is pointed out that vast numbers of raw men may have proved inferior to a smaller and better trained force. The Russian official statement mentioned a decrease in the vigor in the German attacks in west Flanders, while the French communication said that the battle was as violent as ever. The allies are reported as driving forward in the vicinity of Dixmude, and were at last accounts taking the offensive south and east of Ypres, the point where, since last week the Germans have been endeavoring to get through. Many despatches speak of a stream of reinforcements and allies. In the British official statement, however, no mention is made of the changed complexion of these fresh troops. the synonym

FOR HEAT

The demand for Humberstone Coal is growing enormously. New customers are ordering this coal every day because they have been told by their neighbors that it is better and cheaper—goes farther, ton for ton. **We are not trying to sell you** one load of coal. We want to sell you many, **provided** you feel that the coal you are now buying is **not** the best you can get for your money. Try it. It burns "all up."

Furnace Lump Coal \$3.50 per ton

("3 inch" Shaker screens of the most modern type are used in the preparation of this coal)

Our Egg coal, at \$2.25 per ton, has had a great run. It is a perfect coal for the range, stove and fireplace; absolutely clean and free from all impurities.

Our service is another reason why you should be a customer of ours, **"YOU GET IT WHEN YOU WANT IT"** And every load of coal we sell is weighed by the City of Edmonton.

Don't let the cold weather catch you with empty bins! There is yet time to get them filled, but just time—**ORDER NOW** and we will send you coal that runs way over 10000 British Thermal Units

**BEST
Quality**

**BEST
Preparation**

**BEST
Service**

There is only one way to hold the trade of your customers and that is, treat them right. The very foundation of this "right treatment" and the greatest part of it, is the quality of the coal you give them. The quality of Humberstone Coal, well—

OVERLOOKING AN OPPORTUNITY FOR BUSINESS EXPANSION.

Eastern wholesalers and manufacturers who have come to the conclusion that the sudden transition from the speculative to the productive forced by the outbreak of war has administered a solar plexus to business chances in the whole of Western Canada make a costly error when they apply this to the Edmonton district.

Activity of a purely productive and utilitarian nature was never greater in this district than at the present moment and the aggregate of prosperity among those who depend for their success upon the purely productive industries was never greater than at the present moment.

In this connection it is interesting to note that throughout the whole dominion, and for that matter throughout the continent, railway construction is being pursued with unabated activity alone in that country which is tributary to Edmonton. The railways, after a very active season, is now about to bring its summer operations shortly to a close with the steel laid to Lac La Biche, through a territory which is rapidly filling up and which in the immediate future is due to bring very large mercantile and industrial prosperity to Edmonton. For the winter an active campaign is planned and the certainty that by this time next year the steel will have been laid to the lower waterways at Fort McMurray, bringing the oil, asphalt, salt, copper, timber, fish and agricultural resources of the vast Mackenzie watershed into direct rail contact with Edmonton is alone an absolute guarantee of a continued steady development for the mercantile and industrial businesses of this city. The Dunvegan road, stretching into the hinterland on another tangent, is also rounding out a very active season's operations with the steel at Round Lake, completing the second link in the chain of transportation which will bring Edmonton into direct communication with the Peace River and its varied and extensive resources. In this country there are already a great many settlers and more are pouring in every day. New towns are being established, new business connections built up and new wealth finding its way to the markets with a consequent flood of new money to be spent in the purchase of the regular commodities of commerce.

This is in addition to the fact that in the Edmonton district proper one of the most bounteous crops ever cut is finding its way to market at prices which have never been exceeded and that there is a greater wealth in live stock on the farms in the Edmonton district at the present time than at any previous time in the country's history.

Those manufacturers and jobbers in the east who overlook the possibilities of Edmonton and the opening for business expansion in this district at the present time are simply hypnotized by the war cloud into a lack of perception which in the long run is going to cost them very dearly in lost opportunity.

CONSIDERATION OF AN EXCEPTIONAL PROPOSAL, PARTICULARLY APPROPRIATE.

Having passed its natural gas franchise over to a corporation, Calgary is now discovering that domestic gas at 30 cents and industrial gas at 15 cents—the prices charged—is not sufficiently cheap to coal to give the city of Calgary any material advantage over any other city in Western Canada, and Calgary is thus deprived of an advertisement and an inducement to population and industries which it might have enjoyed had it handled its gas business differently.

Edmonton is very shortly to be in the position where its people must decide the matter of how the gas business is to be handled. It will stand Edmontonians in hand to see that by no such errors as have been made by Calgary are Edmontonians deprived of the maximum advantage to be derived from gas.

Two or three essential features in connection with gas supply are self-evident: The more gas used the cheaper the gas can be supplied, and the cheaper the gas the greater the comfort of the citizens, the lower the cost of living and the greater the advantage which will be enjoyed by Edmonton manufacturers over those located in other cities.

Following this, which is axiomatic, it is indisputable that if every household in the city uses gas for fuel, that if every office-building, warehouse, store and hotel uses gas for fuel and for the manufacture in its own basement of its own electric light, and if every industrial institution in the city uses gas for heating, lighting, power and fuel, the minimum cost at which gas can be used will thus have been reached.

The question which will be up to Edmontonians to decide very shortly will be whether they are content to pay the higher price through metre rates, thus reducing the use of gas to the lowest limit and the consequent highest cost, or whether they will be prepared to make the use of gas universal, thus reducing the cost of gas to the minimum, and to meet the whole expense by a mill or possibly less on general revenue of the city. The latter course is the one which will result in a mill or less on local improvement for the installation of the laterals and for operation.

The proposal is, of course, exceptional; but the circumstances are also exceptional and the fact that Edmontonians and those who have made a bet on Edmonton's future have some two hundred millions of dollars locked up in Edmonton really which there is no chance of releasing except by some unprecedented influx of industries and population makes the consideration of an exceptional proposition such as will place Edmonton in an exceptional situation particularly appropriate.

BRANDING CIVIC PATRIOTISM AS A CRIME IN EDMONTON.

By presenting the thousand dollars which is coming back to him out of the gas well contract to the Industrial Association Mayor McNamara piles the last slab of opportunity upon those individuals who took the action which disqualified him and brings into utter contempt those newspapers which have been publishing insinuations against the public spiritedness of his purpose in launching the gas enterprise at Viking.

The basis of the technicality upon which Mayor McNamara was disqualified was the allegation that he had, while mayor of the town, voted for a contract in which he had a personal interest, the contract to wit being the contract of the Ad. Club, then an unincorporated association of public spirited citizens, to turn over the gas well at Viking to the city at actual cost should gas be discovered. Toward the subscription raised to make possible the drilling of the Viking gas well, Mayor McNamara contributed one thousand dollars cash. Later he supplemented this by giving his notes. He stood to lose this one thousand should the driller fail to find gas, and the face of the notes besides, and he stood only to get his money back should gas be found.

Upon this allegation Mayor McNamara has been disqualified. Now gas has been found, and the city gets the gas while Mayor McNamara is now entitled to get his money back from the city.

This thousand dollars which Mayor McNamara is entitled to get back he announced at the Thursday noon luncheon he contributes to the Industrial Association, absolutely without qualification or reservation, the funds to be used in whatever manner the association sees fit in the promotion of its work for the general good of Edmonton.

When those who have been so pestered by and so factiously active in tormenting him for his previous actions and those newspapers which have been so bent upon branding civic patriotism as crime in Edmonton can show anything in their records which entitles them to criticize the actions of Mayor McNamara in any of his relations to the gas business—which they have so violently attacked—it will be time enough for them to aspire to public office or to hope to be able to persuade the electors that the affairs of this city would be safe under their hands or guidance.

A POSITIVE CURE FOR RHEUMATISM

Hundreds of People Have Found "Fruit-A-Lives" Their Only Help

READ THIS LETTER

Superintendent of Sunday School in Toronto Tells How He Cured Himself of Chronic Rheumatism After Suffering for Years.

35 DORCHESTER ROAD, OCT. 1st, 1913.

"For a long time, I have thought of writing you regarding what I term a most remarkable cure effected by your remedy 'Fruit-A-Lives' (Lundell's) Rheumatism, especially in my hands. I have spent a lot of money without any good results. I have taken 'Fruit-A-Lives' for 18 months now, and am pleased to tell you that I am cured. All the enlargement has not left my hands and perhaps never will, but the soreness is all gone and I can do any kind of work. I have gained 35 pounds in 18 months."

R. A. WAUGH

Rheumatism is no longer the dreaded disease it once was. Rheumatism is no longer one of the "incurable diseases." "Fruit-A-Lives" has proved its marvellous powers over Rheumatism, Sciatica, Lumbago—in fact, over all such diseases which arise from some derangement of stomach, bowels, kidneys or skin.

"Fruit-A-Lives" is sold by all dealers at 50c. a box, 5 for \$2.50, trial size, 25c. or sent postpaid on receipt of price by Fruit-A-Lives Limited, Ottawa.

DISCUSS COMMISSION FORM OF GOVERNMENT IN NORWOOD SCHOOLS

The Edmonton citizens realize that the present lack of system of municipal government, and dissatisfaction in respect to municipal business, can be tolerated no longer—despite the contrary opinions of political and special interest cliques is clearly evidenced by meeting held under the auspices of the elective commission government charter committee, where the new model charter for the city of Edmonton was presented. About a hundred citizens gathered at Norwood school last evening to discuss the proposed charter. The charter, which was explained, including preferential voting, initiative, referendum, and recall, was warmly received. The charter was explained, including preferential voting, initiative, referendum, and recall, was warmly received. The charter was explained, including preferential voting, initiative, referendum, and recall, was warmly received.

A feature of the meeting was an election held by preferential voting by singling out a preferred ballot and its accuracy in registering the public will was clearly demonstrated last evening. Simple ballots were provided, showing three candidates seeking office for commissioner of finance. In candidates were David Lloyd George, Henry Herbert Asquith and Edward Grey. Lloyd George won on first count with hands down. The little elections being held by the charter committee at their meetings, provide both entertainment and instruction to all present, and the charter committee meeting promises to be very largely attended from this date.

Gazetted Honorary Colonel
 Ottawa, Nov. 7.—Mr. Douglas Cameron, lieutenant governor of Manitoba, has been gazetted honorary colonel of the 7th Cameron Highlanders of Winnipeg. Col. R. McDowell Thomson, reserve of officers has been gazetted honorary lieutenant colonel.

HEART WOULD PALPITATE.

HAD WEAK AND DIZZY SPELLS.

Palpitation of the heart is one of the most common of all heart troubles. At first it is but a few times in a few seconds, then slow, then start to flutter, and a feeling of after depression will come over the system accompanied by weak and dizzy spells, making you feel that you are surely going to die. When you feel this way, what you require is a real good heart and nerve tonic, one that will strengthen the weak heart and build up the nerve system. For this purpose we know of nothing that can equal Milburn's Heart and Nerve Pills.

Mr. J. S. Schickle, Latimer, Ont., writes: "I was weak and run down, my heart would palpitate, and I would take weak and dizzy spells. A friend advised me to try your Milburn's Heart and Nerve Pills so I started at once, and found that I felt much stronger, and my heart was ever so much better within a short time. I cannot praise your pills highly enough for it has done me a world of good. My husband has also been bothered with heart trouble ever since he married and finds great relief in using your valuable pills."

Milburn's Heart and Nerve Pills are 50 cents per box, 3 boxes for \$1.25, at all dealers or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

PROHIBITION LAW NOT FAVORED BY ANGLICAN PASTOR

On Way to New Rectorate at Wetaskiwin, Divine Declares Opposition to Proposition

Calgary, Nov. 7.—"I have no patience with those people who are eternally seeking to remove all temptations from the paths of men. A man who can only be saved by removing all temptations from his daily life is not a man who is to be made a saint of all the human race." This opinion, delivered in an emphatic tone of voice, was expressed by the Rev. J. H. Sheppard, the newly-appointed rector of the Church of England at Wetaskiwin, in Calgary en route to assume the duties of his new charge.

Mr. Sheppard contributed a new of his ideas on the question of prohibition. For over 21 years Mr. Sheppard was pastor of the English church at Coldwater, Ontario, which must have, five years ago, been "dry" by adopting local option.

Ineffective Prohibition. "And I have seen more drunkenness in that town since local option came into force than during all the rest of my life," remarked Mr. Sheppard. "I would not vote for local option or prohibition. The people of this province, I understand, are shortly to vote on a prohibition measure. Prohibition has been carried in various parts of the earth, but it does not prohibit. The only cure for drunkenness, or any other vice, is the love of God in the heart of a man or woman. To my mind, the judging from what I have seen, local option is one of the biggest forces in existence."

Not Supporting Hotelkeepers. "Do not misunderstand me. I am not speaking on behalf of the hotelkeepers. My contention simply is, that local option or prohibition does not get at the root of the matter. 'I don't want to say too much on this subject, because I might be misunderstood. In Ontario, I have been on the side of local option, but I believe in a man himself giving utterance to his convictions. I am against local option in Ontario, and was not ashamed to let the fact become known. I may be misunderstood, but I am sure of saying more on this subject.'"

TSING TAU TAKEN AT BAYONET POINT

In Last Two Days Warships Continue Rain of Shells From Harbor.

GREAT DAMAGE INFLICTED

Last Fort to Be Taken Seemed to Explode Says Tokio Despatch.

Tokio, Nov. 7.—The closing hours of the siege of Tsing Tau and the fall of the German fortresses there are briefly but dramatically described in official reports sent to the government by Vice-Admiral Sadakichi Kato, the commander of the Japanese naval forces, and Lieutenant-General Kamio, commander of the troops operating in Kiao Chau.

After the capture of the central fort, it appears from their statement, the left wing of the attacking force advanced and occupied Chan Shan at 10 o'clock yesterday morning. Chan Shan was the base of the right wing of the German line and is a triangular fort. Then the other forts at the point of the bayonet captured the forts of the fighting line, including the intricate and dangerous defense work connecting them. Other forces advanced in rushes on the main line of the defenses made up of the forts of Hsiao, Bismarck and Moike.

"Suddenly," says the reports, "the flag of surrender ran up in the morning breeze, towering above the sea and land."

In the last two days of the fighting it is said, the warships continued a terrific rain of shells on the fortress and the city from the east and south, inflicting great damage. The German garrison, Tabichen fort, the official accounts say, seemed to explode.

Sunday Concert at Monarch. The Edmonton professional orchestra will present the following program at the Monarch theatre on Sunday evening. Patrons will be assured of a most interesting and varied program the following will indicate. Program:

March—"Gaily through the world" (Robins)

 A la carte service all the time.

Miss Ada Swaine, soprano, will sing and the King Edward Orchestra will play from 6 to 8 Sunday evening. Requests will be rendered.

Phone 1161 for Reservation

MANY PRISONERS AND GUNS TAKEN VICINITY OF CRACOW BY RUSSIA

Petersburg, Nov. 7.—The left wing of the Russian army in engagements taking place between October 21 and November 4 on the front in the vicinity of Cracow took prisoner 274 officers and 18,500 men of the enemy. This information was given out in Petersburg today. In addition to these prisoners the Russian forces captured three howitzers, 40 pieces of artillery, 38 rapid fire guns, and a large quantity of material for the manufacture of cartridges.

HID OPIUM IN CARPET SWEEPER BUT SLEUTHS FERRET NARCOTIC OUT

Opium concealed in a carpet sweeper failed to elude the trained observation of the city detective force and for having the drug in his possession Clifford Cook was fined \$50 and costs in the police court on Saturday morning. The police under the direction of Detective Fryant raided Cook's room at 147 First street on Friday evening and found the narcotic not only on Cook's person, but in the carpet sweeper as well. Cook is the third white person during the week to face a charge of having the drug.

Mimic Council Meeting.

The regular fortnightly meeting of the Young Men's Social and Political federation, was held on Friday last, in the lecture room of Westminster church. There was a record attendance, which speaks well for the interest along in this new organization. The question discussed was, Markets and Stockyards. A by-law was passed similar to the proposed city of Edmonton markets by-law, with various amendments. The report was adopted took up 11 items of business, an extension of half an hour was needed, before adjournment was possible.

Globe Loss License

Winnipeg, Nov. 7.—Seven proprietary clubs in Winnipeg have lost their licenses.

HOPES WITH HELP OF KAISER TO CRUSH ALL ENEMIES OF TURKEY

London, Nov. 7.—A Home despatch to the Exchange Telegraph says: "It is officially stated from Constantinople that Enver Pasha, minister of war, replying to recent congratulations from the German crown prince on Friday sent the following message: 'The imperial Turkish army thanks your imperial highness and the fifth army corps for your fraternal good wishes. I hope, with the aid of the German army under the supreme command of Emperor William to crush and annihilate all our enemies.'"

CANADA'S WORD

The following article entitled "Canada's Duty," from the pen of Rev. Charles W. Gordon (Ralph Connor) past president of the Winnipeg Canadian club, which appeared in the Winnipeg Free Press of October 17, is completely expressive of what is in the minds of the great majority of Canadians at the present time, that it is reproduced here:

O Canada! A voice calls through the mist and spume Across the wide, wet, salty leagues of foam For aid. Whose voice thus penetrates thy peace?

Whose? Thy Mother's, Canada, thy Mother's voice.

O Canada! A drum beats through the night and day, Unresting, eager, strident, summoning To arms. Whose drum thus throbs persist?

Whose? Old England's, Canada, Old England's drum.

O Canada! A sword gleams leaping swift to strike At foot that presses and leap to lift brave men.

O Canada! Whose sword thus gleams threefold?

Whose? "Thine Britain's, Canada, Great Britain's sword."

O Canada! A prayer beads hard at Heaven's gate, Tearing the least wide open to God's eye. For righteousness. Whose prayer thus pierces Heaven?

Whose? "Thine God's, Canada, Thy Kingdom's."

O Canada! What answer makest thou calling voice and beating drum. To sword-pleasure and pleading prayer of God?

For right? What answer makes my soul?

"Mother, to thee! God, to Thy help. Ours! My sword!"

—By Rev. Charles W. Gordon.

YOUR SICK CHILD IS CONSTIPATED! LOOK AT TONGUE

If cross, feverish or bilious give "California Syrup of Figs."

No matter what ails your child, a gentle, thorough laxative should always be the first treatment given. If your little one is out-of-sorts, half-sick, fretful, eating and acting naturally—look, Mother! see if tongue is coated. This is a sure sign that it's little stomach, liver and bowels are clogged with waste. When cross, irritable, feverish, stomach-achy, breath bad or has stomach-ache, diarrhoea, sore throat, full of cold, give a teaspoonful of "California Syrup of Figs," and in a few hours all the constipated poison undigested food and sour bile gently moves out of its little bowels without griping, and you have a well, playful child again.

Mother can rest easy after giving this harmless "fruit laxative," because it never fails to cleanse the little one's liver and bowels and sweeten the stomach and they dearly love its pleasant taste. Full directions for babies, children of all ages and for grown-ups printed on each bottle.

Beware of counterfeit fig syrup. Ask your druggist for a 10-cent bottle of "California Syrup of Figs," then see that it is marked the "California Fig Syrup Company."

If Pat Moran succeeds in managing the Phillies will nominate him for president of Mexico, which, by comparison, is a map.

Most Exquisite Millinery Which Sells for \$18 to \$41 Must Be Hurried Out at \$15 Each

This offering can be taken advantage of also on Saturday evening from 8 to 10 p.m. The lowering of the regular prices is caused through a slightly overstocked condition, not because these models are not fashionable or desirable. It seems ridiculous, but nevertheless a situation which must be changed in one day and Monday or Saturday night will change conditions considerably. They are trimmed in various ways with ostrich and fluffy fancies, also standing ornaments and metal flowers, etc.; white, black and combination colors—no two hats alike. Chic French Hats, also domestic and Foreign affairs. Regular from \$18 to \$41.00 hats. Very special at **\$15**

Ramsey's the Heart of Toyland

The Toy Section Never Held Such a Wealth of Toys From the Toy Centres of the World as It Shows This Season

Readers of this advertisement have no doubt, seen from time to time statements to the effect that there would be few Toys for Canadian children this Christmas. However true that statement may be in the majority of instances it is totally disproved in our own Toy Section.

So far in advance do we order, and in such great quantities, that the Toys for James Ramsey, Limited, are among the first made and shipped. While the foreign mountain passes were still deep in snow last Spring our representatives were travelling from village to village, selecting new, interesting and quaint Toys to delight Canadian children on Christmas Day, 1914.

We repeat there is no shortage of Toys here. The children, and the fathers and mothers of children are invited to visit the Toy Section any day.

In its much enlarged and improved surroundings the Toy Section this year offers facilities for enjoyment never equaled in the history of this store

FULLERTON DOPELETS

We are personally acquainted with one of the "dopelests" now "cackling" in the cage, and if he'll settle the \$10 bet of two years' standing we'll back him up.

One of the biggest surprises of our life is to find out that about four out of every five persons picked the Houston Braves to win the world's championship; among them several who offered to bet us \$5 to \$10 the Athletics would win.

Those critics who fear that Sherwood Moore will not play ball for Pat Moran are hereby informed that Sherry would rather play for a good fellow than for himself.

Bank O'Day is blaming Johnny Evers for those stories that are being told of Hank's blunders in management, but does it ever to O'Day to ask who told Johnny?

Jones county, Georgia, rises to remind the nation it produced its second greatest man; gentlemen, George Stalling.

Half a dozen managers are going to induce George Stalling next season, which reminds us those who imitated Java McGraw last year; in every big sport results.

THE NEW CITY MARKET

Above is a cut of the new city market building now opened for business situated on 101st (First) street. The building cost, in round figures, \$40,000 and the patronage of the public market of Edmonton will at last be able to buy vegetables, meats, etc., which are sold under proper sanitary conditions. No market building in western Canada is capable of being kept in as clean a condition as this one will be. The citizens of Edmonton are invited to do their shopping at this building, and see for themselves the conditions under which the supplies they purchase are sold. The contrast between the new and the old arrangements, that were in force on the Rice street market will be marked, and it is hoped that the patronage received will justify the cost.

We pursued them energetically all along the line.

The abandonment by the main Austrian forces of the line of the San is the result of victorious battle fought at the end of September, the original purpose of which was to block the offensive of the Austro-German armies against Warsaw and Transcarpathia.

At the beginning of October our troops were engaged along a front extending for 230 miles and pressing through Warsaw, Koudenia, Przemysl and Czernowitz. Towards October 20 we succeeded in gaining a decisive success over the Germans on the right bank of the Vistula in the region of Warsaw, that is to say, on the right wing of our general strategic front.

Our next object was to strike from the north those portions of the enemy's forces still holding positions on the Vistula and the San. In the fighting which lasted from October 23 to 27 we succeeded in breaking the stubborn resistance of the Austro-German army in the Koudenia-Koudenia region. In danger of being turned beyond Pillis, this army fell back, pursued by our troops.

"Between October 28 and November 1 we overcame the enemy's resistance in a new region, that of Alexander. On November 5 the Austrian army in Galicia was compelled to retreat.

"Following up our successes during 18 days on a front of 330 miles we broke the resistance of the enemy who is in full retreat.

"This victory enables our troops to proceed to a realization of further tasks which will inaugurate a new period of the war."

GENERAL RETREAT OF AUSTRIANS IS CLAIM OF RUSSIA

Enemy Takes Offensive But Everywhere Meets With Enormous Losses.

DECISIVE SUCCESS OVER GERMANS ON THE RIGHT

Victory Enables Muscovites to Inaugurate a New Period of the War.

Paris, Nov. 7.—An official statement by the Russian general staff is given in a Petrograd despatch to the Havas agency. It says:

"Fierce combats on the river San and south of Przemysl which have been going on for more than three weeks, resulted on November 5 in a general retreat of the Austrians.

"On the preceding night the Austrians made a last effort to regulate on the river the crossing of the San. At a late hour the enemy attacked on an extended front, taking the offensive in dense, successive lines, but everywhere they suffered enormous losses and were repulsed.

"On Nov. 5, the enemy's columns commenced to move from the San in the direction of Dukla pass across the Carpathians and south of Przemysl seeking everywhere to leave the front."

Disease is Spreading

Harrisburg, Pa., Nov. 7.—Philadelphia and York have been added to the countries under quarantine for fear of mad disease in Pennsylvania, making ten in all. Stringent regulations have been established not only for the isolation of cattle but also against movement of fowls or hides without state permits. Reports reached the state capital that the disease had appeared in Wilmington Delaware.

Why Smith Succeeded

He was on the job—alert and energetic. Mental ability and physical activity made him shine in his old job and brought promotion.

Smith took care of himself.

Bright there is the keynote of success—one must be mentally and physically fit.

A good start is to avoid the heavy, greasy foods that cause indigestion and kindred ills, and use a wholesome, building food such as

Grape-Nuts

This healthful, appetizing food is made of selected wheat and malted barley. It contains those vital mineral salts, so necessary to health, that are often lacking in the every-day diet.

The partial maling of the barley, with the long baking (about 20 hours), makes Grape-Nuts a food that digests easily and quickly.

GERMANS CANNOT LONG WITHSTAND FLANKING MOVE

Opinion Expressed That Will Be Soon Forced to Retire in the East.

AUSTRIANS INCAPABLE OF SERIOUS RESISTANCE

Lemberg Scribe Says Soldiers are Overcome by Pushing Through Mountains.

Petrograd, Nov. 7.—According to Russian information Vienna is the only obstacle to a general advance of the whole Russian front into east Prussia. The Germans, it is declared, soon will be forced to evacuate, being threatened by a flanking movement of the Russians. The backward movement of the remainder of the German line left it without sufficient support.

The Russian general command at Constantinople arriving at Odessa stated that the Turkish officials were surprised that Turkey was fully prepared for war, nevertheless, German action precipitated the crisis. I regard the extreme courtesy shown Russian officials two days following the Turkish attack as proof of Turkish surprise at recent events.

The branch of the Russo-Asiatic Bank at Batum (on the east coast of the Black sea) has transferred its deposits and documents to Baku on the Caspian.

Austrian troops are pushing through the passes of the Carpathians to support the Austrians who are falling back before the Russian advance. In the region west of the San river, a correspondent at Lemberg states that these troops have been exhausted by the struggle through the snow-filled mountain passes and are incapable of a serious resistance.

BANFORD AND KING THE WINNERS LAST NIGHT IN BILLIARD TOURNIES

King and Banford were the winners last night in the Empire billiard tournament. King defeated Young at the straight rail game and Banford winning from Hobbs at the English game. King had a rather runaway game from Dr. Young winning by the wide margin of 150 to 87. He started off strong with a run of 26 points gaining a lead which he held throughout the contest.

Score:
King, 150—High runs 24, 19.
Young, 87—High runs 16, 12.
Banford won from Hobbs 200 to 250, making a high run of 24. The score: Banford, 200—High runs 24, 19.
Hobbs, 250—High runs 23, 22.

COLDS OR COUGHS Should Never Be Neglected.

If They Are, Some Serious Lung Troubles Are Sure To Follow.

DR. WOOD'S NORWAY PINE SYRUP

CURE CROUPS AND COLDS on their first inception, and will thereby prevent you from becoming affected with some serious lung trouble, such as bronchitis, pneumonia or even consumption.

When you ask for "Dr. Wood's" see that you get it as there are many imitations on the market.

"Dr. Wood's" is put up in a yellow wrapper; three pine trees the trade mark; price, 25c and 50c; and manufactured only by The T. Milburn Co., Limited, Toronto, Ont.

Mrs. Thomas Bridges, Gorrie, Ont., writes: "I was so bad with a cold I gave up work, and I was in bed four weeks being unable to do anything. I thought the cold was turning to bronchitis, so I changed my medicine to Dr. Wood's Norway Pine Syrup. I used three bottles, and they completely cured me, and I am as strong as ever. I highly recommend it to all sufferers."

COMMISSION DECIDES NOT TO ALLOW FIGHT AT CATCH WEIGHTS

Milwaukee, Wis., Nov. 7.—Freddie Welch and Charlie White will not be permitted to clash at Catch weights Monday night as they have agreed to fight. For some time the Wisconsin boxing commission did not seem to care whether the boxers stripped or not, but when the McGarland incident the boxers who take part in the main event in this city have been forced to discontinue and let their opponents know their true condition. The commission takes the stand that the public is paying good money to see these bouts and they are concerned in the condition of the boxers.

FIRST CASUALTY LIST OF CANADIAN SOLDIERS PUBLISHED IN ENGLAND

Ottawa, Nov. 7.—The first list of casualties to the Canadian expeditionary force appears in today's issue of the *Milford Gazette*. This includes only those who have died since the troops arrived in England. The list is as follows:

Private Alexander Ogilvie of the fourth battalion, died October 13; Private Arthur H. Thompson, Princess Patricia Light Infantry, died October 14; Color Sergeant Ernest John Lock, died October 20; Gunner Percy Sawyer, divisional artillery headquarters died October 21; Armourer Corporal William Ogden, 11th Battalion, died October 29.

The list does not include Private Cockhill of Montreal killed at Lille.

The big airship America has made the trip successfully across the Atlantic in the big liner Mauretania.

SMARTING UNDER DEFEAT GERMANS FIRE ON NURSES

Teuton Losses So Severe Their Offensive Brought to Dead Stop.

BRITISHER TEACHES SNIPERS A LESSON

Mortality Among Officers of Kaiser's Line Regiment Very Heavy.

(By Martin H. Donohue)

Northern France, Nov. 7.—After desperate fighting around Arras and Arras, where the German employment of their new heavy weight mortars, their losses have been so severe that their offensive was brought to a dead stop for three days. Out of one regiment which went into the fight last night, 40 men and a corporal survived at the close of the second day's fighting. The mortality among the officers of the German line regiments was exceptionally severe. The country around Arras, whence the Kaiser hoped to discover a new route to Calais, is full of unburied dead.

The Germans have drawn off leaving the fallen and wounded to the mercy of the allies. The various red cross corps sought to bring aid to those lying on the field, but, smarting under the first defeat, the Germans fired upon those engaged on the mission of burying the dead and rescuing the wounded.

Ultimately all the red cross doctors and assistants were forced to go behind the line and the British commander of one part of the entrenched area determined to teach the snipers a lesson took with him several hundred infantry and two machine gun sections.

Going out direct to his front he was speedily subjected to an irregular rifle fire by hidden marksmen, which was more galling than deadly. The officer suspected that the three tops might be worth investigating. He treated them to a volley and the result more than exceeded his expectations. Twenty Germans were brought down, dead or wounded and ever since there has been an end to tree top sniping in front of the British lines.

SURPRISES UNCOCKED AT CALGARY MOTOR RACES

Calgary, Alta., Nov. 7.—A real surprise was sprung at the automobile and motor cycle races on Victoria track last night when the Ford motor car, driven by Hugh Townsley, of Gleichen, tied for first place in the mile race against time and the Ford included all the heavy cars present. The little Ford climbed over the ground like a bird and made the mile in 1 minute, 21-2 seconds.

Previous to this, Townsley had won considerable applause by winning the five mile race for small cars by a narrow margin. It was the most interesting race of the day, as far as the automobiles were concerned, and Townsley and his little Ford won a name for themselves, climbing around the track and making the time in a wonderful manner. For three miles it was a fight for first place with one of the other cars, the Ford always leading, although at times it looked as if the other would pass. Finally the Ford was more gradually climbing away from his speedy competitor, and when the race was finished it was leading by a wide margin. The Ford made the five miles in 6:50-1-2.

Week of Prayer for Men

The Y. M. C. A. week of prayer for men from November 8 to 14 will be observed by the local association in a series of noon day prayer services. It is planned to have the various church brotherhoods take charge in the prayer meetings which will be held for 20 minutes from 12:30 to 12:50 daily, in the Y. M. C. A. parlors, May street, 22. Following is the program for the week: Monday—Brotherhood of the Baptist church. Tuesday and Wednesday—No service. Thursday—Methodist church brotherhood. Friday—Salvation army. Saturday—The Y. M. C. A.

The situation occasioned by the great war presents an instant call to intervention and the Christian men of the city are urged to attend these services.

Bad Blood

Is the direct and inevitable result of irregular or constipated bowels and clogged-up kidneys and the whole system. Dr. Morse's Indian Root Pills act directly on the bowels, regulating them, the kidneys, giving them tone and strength to properly filter the blood—and on the skin, opening up the pores. For pure blood and good health take.

Overland

TRADE MARK REG.

Every Possible Convenience

THE 1915 Overland has every modern driving convenience. The above illustration shows the simplicity, compactness and completeness of all Overland controls and instruments. Everything is within sight and within natural reach.

The complete set, of electrical control buttons, is located on the steering column. With just a slight pressure of your finger you start the car, operate the electric head, side, tail and dash lights and sound the electrical signal.

Here also is the high tension magneto button and a patented device for locking all switches, in or out, so that no one can tamper with the controls.

Now note that you do not have to stretch out or bend down, as you do on other cars. Every switch is right at your hand.

On the cowl dash board are four instruments.

A high grade electrically lighted magnetic speedometer.

An ammeter which shows whether current is flowing or whether the generator is actually engaged in charging the batteries. Many cars are not equipped with ammeters which means the owner must guess at or take a chance on the condition of his batteries.

The third instrument is the sight feed of the oiling system. This sight feed contains a small indicator which revolves, when the motor is in operation, splashing the oil against the glass so that it can be plainly seen at all times.

The fourth instrument is a priming plug, which adjusts the gasoline mixture.

So you see in every refinement as well as in superb appearance, remarkable performance and unusual comfort the Overland ranks with the highest priced cars in the world.

Back of each Overland is one of the largest and strongest organizations in the world.

Overland service is international. It stretches around the globe. We have millions of dollars invested in service alone which assures every Overland owner of prompt, efficient and economical attention.

ONE NIGHT AT "Y" PROVES VERY BUSY

No Reason on Earth Why 300 New Members Should Not Join.

Last evening was a typical busy night at the Y.M.C.A. There seemed to be some "doin'" when a visitor entered the May street building about 8:30 and E. G. Duncan, the social secretary, gave the following list of activities, which were on the evening's schedule:

Two boys' gymnasium classes led by the physical director; two swimming classes conducted by the swimming instructor; the weekly orchestra rehearsal under the leadership of G. E. McBride; a class in first aid led by Dr. E. M. Hartow; an advanced English class, in which six nationalities were represented, taught by Professor Sheldon of the University of Alberta; five tournament games in the billiard tournament for the Ash trophy; one committee meeting and the regular monthly meeting of the board of directors; besides at any time between 8 and 10 o'clock there was an average of 50 men in the main lobby reading and enjoying the games, and an equal number of boys in the game room in the boys' division, at the same time in four boys'

BANDS OF ARMENIAN VOLUNTEERS BATTLE WITH TURKISH TROOPS

Petrograd, Nov. 7.—A despatch received here from Tiflis says Armenian refugees reaching there report that volunteer bands of Armenians have had several engagements with the Turkish armies at Van, on Lake Van, in Armenia, and about 145 miles southeast of Erzerum. These bands of Armenians have come together in the interior of Turkey for self defence.

On Sunday afternoon the men's meeting in the Y. M. C. A. will be addressed by the general secretary, W. J. Green, to the subject "Why Pray?" This service is introductory to the association "Week of Prayer" which is being observed by the Y. M. C. A. around the world. Frank Humphrey will be the soloist at the afternoon meeting and H. Stubbins will lead the chorus. To this meeting a cordial invitation is extended to all men, as well as to the home hour gathering around the fire place from 9 to 10 o'clock.

During the evening four classes in English were being conducted during the evening by four volunteer instructors. With such a work being carried on nightly there seems little doubt but that the objective of the ten membership committee who are seeking to add 100 to the membership roll will be reached during the present month.

N. H. A. Meeting

Montreal, Nov. 7.—T. T. Emmett Quinn, secretary of the N. H. A. has sent out notices that a meeting of the association will be called some day next week to elect a president and consider the program for the coming season. The meeting will probably be held Wednesday next.

The melancholy days are on.

Released by British

Washington, Nov. 7.—The American steamer Kronland has been released by British officers at Gibraltar and will sail today, leaving the copper and rubber of her cargo for a verdict of a prize court.

One per cent. of the aid in the oceans would cover the land areas of the world to a depth of 229 feet.

FEEL FINE! KEEP BOWELS ACTIVE, STOMACH SWEET AND HEAD CLEAR

No odds how bad your liver, stomach or bowels; how much your head aches, how miserable and uncomfortable you are from constipation, indigestion, biliousness and clogged-up bowels—you always get the desired results with Cascarets.

The yend the headache, biliousness, dizziness, nervousness, sick, sour, gassy stomach. They cleanse your liver and bowels of all the sour bile, foul gases and constipated matter which is producing the misery. Cascarets tonight will straighten you out by morning—a 10-cent box keeps your head clear, stomach sweet, liver and bowels regular, and you feel cheerful and bully for months.

10 Cents. Never ripe or sick.

"CASCARETS WORK WHILE YOU SLEEP."

QUESTION OF FEDS OR OWNERSHIP OF
YANKS NOT TOUCHED AT CONFERENCE

Club Owners Dodge Important Issues—Will Erect Monument Over Sheridan's Grave—Brennan Will Probably Stay With Cubs—World Series Prices to Be Lowered.

Chicago, Nov. 7.—American league owners in winding up their annual convention yesterday left unsettled the two most important problems supposed to be on the program. The question of peace with the Federal and no change in ownership or in the list of stockholders in the New York club was announced.

Regarding the latter point it was given out that no formal discussion of it had taken place. But it was noted that while most of the magistrates caught early trains for their homes tonight, Frank Farrell, of the New York club, and James Lanning, of the Boston club, Farrell's leading supporter stayed over, saying that would start back east tomorrow. A shake up in the membership of the New York club was considered advisable by some of the magistrates as preliminary to an attempt to strengthen the team in the metropolis.

Only a pretty definite statement that the Wards, owners of the Brooklyn Federals, would not buy the New York Americans was announced in the Federal situation. Everybody admitted that terms on which peace could be reached would not be possible until after long negotiations.

The club owners decided to erect a monument over the grave of Umpire "Jack" Sheridan, whose death occurred this week at San Jose, Calif.

Charles Somers, of the Cleveland club, was re-elected vice-president of the league without opposition and the board of directors for the ensuing year will include representatives of the Chicago, Cleveland, New York and Boston clubs.

Most of the owners declared themselves in favor of a reduction in the number of players carried. They agreed that 20 was a moderate number, but definite action was deferred until the spring meeting, and meantime the National league will be consulted on the plan.

Reduction in the price of seats at world's series games also found unanimous support and the magistrates agreed that the prices charged exceeded the regular admission prices by only a small margin if at all. The National league again will have to agree to this suggestion before any change is made.

Believing that the games played last year, in a good many cases, extended far beyond the time really necessary, the club owners agreed that managers, umpires and players should be instructed to hurry up the games.

In connection with the American league meeting, some of the minor league problems were discussed in the lobby of the hotel where the meeting was held. Among the statements that came out was one that there is no prospect of Roger Brennan purchasing the Cleveland or St. Paul American Association franchises and putting a team in Toledo.

Brennan this afternoon conferred for a long time with Charles Thomas, president of the Chicago Nationals, and it was reported, though neither could confirm it, that the catcher had agreed to stay with the Cubs. Whether he would succeed, O'Day as manager could only be guessed at.

A number of minor league leaders stayed over to leave for Omaha Sunday night to attend the National minor league meeting. It was announced that President C. A. Connelley, of the Chicago Americans, probably would attend the Omaha meeting.

HOPPE TAKES MATCH
FROM INMAN IN 'PEG
BY MAJORITY OF 41

Winnipeg, Nov. 6.—Travelling in the worst kind of luck in the final stage of the last match of the international billiard series, Melbourne Inman failed to catch Willie Hoppe's long lead, the American winning the match by 41 points. Both sessions yesterday were occupied with English billiards, and the English champion failed to settle to his real game, was unusually erratic, and otherwise encountered bad luck. In that the balls were not running to his liking. With victory in sight, he fell down unaccountably on his way to the table, and the match was delayed for some time. Hoppe, an easy and unassuming player, reached the figure which put the game on ice. Inman on the day's play, averaged 1,250 to Hoppe's 478, his average over all being 25, his opponent's 154. The latter gave a good account of himself, easily demonstrating that he can make a better shape at the English game than Inman can at the American billiards.

There are a number of changes from last year on the Calgary line-up. Bill Biddle, Doc Gibson, Bill McHugh and Fitzgerald are missing as well as White but Captain Healey says he has a number of new men of strong playing ability and he thinks they will be capable substitutes for the absent ones.

Varsity will go on to the field with identically the same team that triumphed over the Civics a week ago. McDonald, who formed the right for the college boys last week, has been out of the game ever since and it is quite probable or not he will be in shape to go on today.

This means that James, who so valiantly substituted for McDonald a week ago, will again have the position.

Calgary Tigers—Hickey (capt.), flying wing; McKee, Ward, Gorman, half back; Howe, quarter back; Watt, Woods and Harrison, scrumwags; Priestly and Barrett, inside wing; McTavish and Spence, middle wing; Fitzgerald and Smith, outside wing.

Referee—Percy Hardisty, Edmonton. Umpire—Rev. "Hob" Parson, Calgary.

VARSITY AND TIGERS OF CALGARY
TO CLASH IN CHAMPIONSHIP GAME

Both Teams Claim to Be in Good Shape for the Contest—Varsity Will Play Last Week's Winning Team—Calgary Man's Eligibility Questioned.

Today will see the Calgary Tigers and the University of Alberta clash in the first of a series of home and home rugby games to decide the provincial championship and the result is awaited with a good deal of interest by all the Calgary followers of the game.

A little is known looking at the comparative merits of the two teams. So far this season the Tigers have had no games and as a result in this respect the Varsity have had somewhat of an advantage. The Tigers, however, are a team with plenty of old seasoned players amongst them and can be counted on to fight every inch of the way.

CLABBY WINNER
OVER GEO. CHIP
IN HARD FIGHT

Scientific Man Fights Cautiously and Triumphs Over Hard Hitter.

San Francisco, Cal., Nov. 7.—Jimmy Clabby, of Hammond, Ind., gave George Chip, of Newcastle, Penn., a sound lesson last night in the first of the 25-rounds of hard fighting. Clabby fought cautiously, but never failed to take the aggressor alive when the opportunity offered.

In the fifth round he solved Chip's awkward, but dangerous style and won the fight when he began to cut the larger man to pieces at long range and another him with blows in the clinches, keeping himself well covered.

In the sixth round, while Chip was going backward, Clabby shot in a straight left that knocked the Pennsylvanian to his haunches. He got up instantly, somewhat dazed, but not badly hurt. Chip did his best to finish with a rush in the last round, but Clabby easily battered him down and when the referee gave him the decision, Chip walked over and congratulated the winner.

Promoters hope to slip in another fight before the anti-fight amendment adopted Tuesday goes into effect which probably will be in about a month.

SOMETHING FREE
Manly Strength

TO MY READER:

Whether or not you lack an abundant vigor here is a free offer which will surely interest you, and through which you may easily profit from now on to the end of a ripe, healthy, advanced age. I have compiled a little treatise for self help (book form) which I am pleased to send absolutely free by mail in a perfectly plain, sealed envelope to any man anywhere who writes for it. Over a million copies have already been thus distributed to those who wrote for them from all over the world. There is no obligation whatsoever involved in this offer, nothing which you are required to buy, nothing which you are required to pay for in any way. It is simply an out-and-out free proposal.

Look at 72 pages, 3,000 words and 30 half-tone photos reproduction. I have endeavored to give a straight-forward talk to men, young and elderly; single and married; a concise, comprehensive, self-referencing, perfectly plain, and undivulged, but whether or not you wish to use one of these vitalizers for your youth or old age.

However, aside from anything it contains in reference to my vitalizer, the book should be read by all for its real worth. Therefore, please use free coupons below.

SANDELL, Author.

Reader, the whole world is today alive to the importance of a better understanding of sex hygiene. The much discussed science of eugenics is teaching the great mass of people that strong, healthy, rugged parents bear equally strong children.

Manhood, no matter where or in what condition of life we find it, is the single power that most fascinates men and women. The one who radiates this influence, the result of a vigorous, sturdy nerve force, is the one who tends to use one of these vitalizers in your own case.

If it is my opinion that any man may hope for a complete restoration of his manhood and vigor if he but make up his mind to do so, I will, of course, be most pleased to have you call and get a free demonstration of the vitalizer, written in old age of the man who is, unfortunately, diseased. Last vitality is not lost, to 10 to 1.

Let Me Send You This Book Free.

If you live too far to call, or if you cannot call, please fill in the coupon below and send it to me. You will receive free, sealed, by return mail, my 72-page illustrated book, containing 3,000 words, a complete compendium of useful information for men, young or elderly, single or married, who want the truth about the subject of vital strength, its preservation, its possible self-restoration, and its legitimate uses and warning abuses.

HOTEL CECIL

Edmonton's Leading American Plan Hotel

In the Heart of the Wholesale and Retail Sections

We serve a splendid table d'hôte dinner every evening. Price 50c per plate. Orchestra in attendance.

Eight Dollars for 21 Meals. Our boarding rate by the month is most reasonable.

We have patrons who have dined with us for 6 and 7 years. This speaks for itself.

COME ONCE AND YOU'LL COME AGAIN

RATES: \$2.50 Per Day and Up

Salesmen's sample rooms opposite the hotel.

C. H. BELANGER, Prop.

Cor. 4th St. & Jasper

The
WAR EQUIPMENT

of every Canadian who goes to the front should certainly include a

GILLETTE
Safety Razor
(Made in Canada)

Then the hardest campaigning cannot rob him of the comfort of his regular shave, for the Gillette does its work as quickly and well in the armed camp as in the perfectly appointed private bathroom.

Light, compact, safe under any circumstances, the Gillette Safety

Razor Pocket Edition or Combination Set "fits in" perfectly with active service conditions.

If your Soldier Boy doesn't already own one, give him a Gillette, with his name engraved on case or razor, before he leaves for the front.

Pocket Editions (like cut above) cost from \$5.00 to \$6.00

Combination Sets (like cut at left) cost from \$6.50 up.

Standard Sets - \$5.00

To Purchasers

Any Gillette Dealer (this includes most Drug, Jewelry and Hardware Stores) will guarantee delivery of the Set you select to the Soldier you name, at Valcartier Camp, without extra charge.

To Dealers

Write or wire us the orders you take for Gillette Sets for Soldiers at Valcartier Camp, and we will guarantee prompt delivery from here, paying carrying charges and crediting you with the sales.

VARIED PROGRAM
OF ATHLETICS IN
EDMONTON TODAY

In Addition to Game Important Meetings Be Held in Y.M.C.A.

For today at least Edmonton is unquestionably the athletic center of Alberta for there is a large and varied program of attractions parading on an athletic nature.

Not only is there a rugby game but there are also a number of bowling games arranged for, Jim Mitchell of Calgary having brought a team with him to play an exhibition game with a local quintette. They will clash on the Olympic alleys.

Then there are two important meetings billed. The Athletic Union is meeting in the morning and in the afternoon the Alberta hockey association will hold its annual conference to elect officers and plot out the season's program, both meetings to be held in the Y.M.C.A.

REGINA HOCKEY TEAM AGAIN PREPARING TO DEFEND ALLAN TROPHY

Regina, Nov. 7.—The Regina Victorians, amateur champions of the hockey universe, by virtue of having in their possession the Allan Cup, held their annual meeting last night. Last year's officials were re-elected, including J. A. Westlake as president and Graham Reid as manager. All of but it is quite likely that some of them will have to be hustled to hold their places as there will be several other candidates.

Smart—refined—faultless in every detail—combining the limit of luxury with the limit of utility, is the new Ford Coupelet.

Like all other Fords, this beautiful car is economical in operation and low in price. Don't fail to see it.
